

LA' ROYALE STITCHES | 332 NANA SITA STREET; PRETORIA; 0002

About La' Royale Stitches

La' Royale's Core Values

La' Royale started as a clothing shop in 2014. The passion for dressing other people was always accompanied by creating garments.

As we grow as a company, it has become more and more important to explicitly define the core values from which we develop our culture, our brand, and our business strategies. Below are seven of our core values that we live by:

1. Deliver WOW Through Service
2. Create Fun and More Creativity
3. Pursue Growth and Learning
4. Build Open and Honest Relationships through Communication
5. Build a Positive Team and Family Spirit

6. Be Passionate and Determined
7. Be Humble

The La' Royale Stitches History

What inspires La' Royale Stitches is making a difference, teaching people how to make a living from unleashing their very own hidden talents.

This passion is shared with our employees in an effort to help them practice Core Value #3: Pursue Growth and Learning. We thought, "Why not offer this to our customers as well!"?

In an effort to grow further, we have acquired 10 sewing machines and 10 desks to accommodate 10 students per 3 hour session.

These are brand new machines that have been tested and we do not foresee any technical problems that might hinder business continuity.

Pictures of facility setup are below for ease of reference:

Meet Our Team

Nonhlanhla Mazibuko - Founder

In 2010, Nonhlanhla Mazibuko (also known as Nicole) ventured into sewing lessons, which grew to drafting own patterns, then creating some of the most beautiful designs.

Having always worked from home, many challenges, like mass production, were encountered, but that did not kill the passion to sew.

After seven years of sewing, dressing people and creating garments, Nonhlanhla decided to share this passion with the public through teaching from home.

The space has proven to be getting smaller and smaller as the clientele, and the desire to reach more people grows.

Nebo Kubheka – Founder of Pagez Clothing

After graduating in Fashion Design from South West Gauteng College, Nebo moved to KZN to further study graphic design, which is a necessary tool for pattern designing.

He put his acquired skills to good use by recently founding a clothing brand known as Pagez Clothing. While he founded Pagez Clothing, his responsibilities have grown beyond the garment construction. Nebo continues to WOW his clientele through doing wedding designs, matric dance and any other random design as per his client's needs and desires.

In 2013, he participated in the Dundee July and came 3rd in most creative designer. In 2014, he hosted a fashion show in Ekasi Lounge, which was also huge success.
